28th Small Schools
Athletics Day

29th Last Day of
Term

From the Principal's Desk.....

We have a major fundraiser for the P&C rapidly approaching. Get your family and friends organised to book a table at the Haden SS P&C Trivia Night on Saturday 2 June. See you there!

Congratulations to the certificate winners this week. We need to stay focussed on our PBL lessons and think about how to act appropriately at school. Congratulations also to students who have their homework in on time! They are being rewarded with ClassDojos every Friday. Did you know that some students are earning up to 45 points for having all their homework done, including the extension activity and their maths sheet?! 5 points are awarded for having your homework in a homework bag or folder! Students will be purchasing with their Dojos this week with rewards day this Thursday 31 May.

Well done to Chloe and Gracie for their very respectable placings at the recent Cross Country trials. While they didn't make it to state trials, they have returned very keen to continue their training and try to get to state trials in another distance. What an inspiration you two are. Thank you both for representing Haden SS in the Darling Downs Cross Country Trials. Thanks also to Mrs Harris for coaching the girls for this event.

Today we said goodbye to Rachael Pulzin. Rachael's family is moving to Jondowae. We have had the pleasure of having Rachael at Haden SS for her Prep year and half of her Year 1. It has been our privilege to see her grow as a learner. Our loss is their gain and we wish Rachael and her family all the very best with their new home, new school and new baby!

Students have been reminded today of appropriate behaviours at school. This goes for language and the types of conversations that other students may overhear. Students, please remember that you are at school and you are expected to behave respectfully and kindly to all others. Our PBL focus for next week is Be a Learner: I take what I need. This is in relation to being prepared with your learning materials as you move around the school. Getting your materials ready before school is an expectation for all students. Before school pencils can be sharpened, brain break brought inside, home readers can be changed and sight words can be heard. Please try to be at school at 8:30am daily so students can be prepared for the day.

Last Thursday I had the pleasure of attending the Regional Development Day at the Highfields Cultural Centre. The take away messages from the professional development included the importance of the Early Years and the relationships between schools and Kindy providers. Schools are urged to be aware of and develop deep understandings of the Early Years Guidelines. Another focus was Inclusive Education - which refers to not just students with disabilities but to every student. All students' needs have to be considered and catered for so all students have access to the curriculum, regardless of their needs or situation. Let us continue to work together as a team towards this end.

Elaine Brennan
