Message from the Principal ...

2024

Edition 1: Term 1, Week 5

Dear Families,

Welcome to the first edition of the Haden State School Newsletter for 2024.

First of all, it is with great excitement that I can now announce that I have been appointed as Principal for 2024. I am very happy to have accepted this appointment and am keen to continue the good work we are doing. Thank you for your encouragement and support. I look forward to a successful year working with you to achieve great things for our students.

Newsletters

This year, the newsletter will be distributed to all families in weeks 5 and 10 of each term. I will do my best to keep you updated of any other developments or events outside of these times. If you have any questions between these times or would like to discuss your child's progress, please do not hesitate to contact me via email pnieb4@eq.edu.au I will get back to you as soon as I can.

Parade

Parades will continue fortnightly on a Tuesday afternoon at 2:40. Our next parade will be in week 7 on the 5th March. Thank you for coming along to these parades where we acknowledge and celebrate the academic and social / emotional progress of our students. All are welcome.

We will be having a **leadership parade** to recognise our 2024 school leaders. We will set the date for this when our special badges arrive. I will send confirmation out to all parents when we set the date.

Attendance

I am very pleased to see our positive attendance data. Thank you for ensuring students are at school every day, on time. Each minute is precious and helps our students become familiar with routines and capture every moment of learning.

Our goals for improvement – (Explicit Improvement Agenda 2024)

This year, we are working on improving in 'The Three C's': Curriculum, Clarity and Community. Our staff will be working to ensure our students are engaged and challenged in quality learning experiences which maximise success. We will be striving to ensure everyone is clear about successful learning and that our community is inclusive. We want to maximise parent voice in student education. A step towards achieving this is by having regular parent meetings or a P&C. I encourage you to become involved and share your opinions and ideas about how our school can improve and grow stronger in each of these areas.

I am looking forward to meeting with you all again soon, to review student goals and progress for Term One. Until then, take care.
